COUNT SEEKS MORE MONEY

Wants Bills Paid Before Father
Could Get His Daughter
Back

PARIS Sept 21—While no move has yet been made by the Count's lawyers the attorneys for the Countess de Castellane evidently anticipate an attempt on his part to force a delay in the trial of the divorce case which has been fixed for October 17 unless the creditors attachment case is previously settled.

The Count is not unwilling to take every advantage of the desire of the Countess and the Gould family to make sacrifices to avoid further notoriety and scandal, but it is still doubtful whether the price is not too high. It turns out that the bills piled up by the Count's creditors are very numerous. While the exact total is not known the amount is authoritatively described as "fabulous."

In spite of the prenuptial settlement the French law regards the marriage partnership as making husband and wife equally responsible for the household expenses and debts. The attachment proceedings however do not go so far as to require the Count to be entirely for money borrowed from usurers at ruinous rate and consequently he could legally resist. The Count has another lever in the disposition of the children who under the law are French citizens and subject to military service. He could enter a plea before the French court that if the children were given into the custody of the mother they might be taken beyond the jurisdiction of France. Such action would doubtless result in the opposition by the court of restrictions embarrassing to the Countess in the future.

If the creditors attachment is settled out of court the Count is not expected to make a defense and it is believed that the divorce will be granted October 17. Otherwise it is anticipated that the Count will trump up a cause for postponement.

FOUR KILLED IN COLLISION

One Train Runs Down Another
at Night With Fatal
Results

ST. PAUL Sept 21—A brief report was received at the headquarters of the Great Northern railway here of a rear end collision at Cut Bank Montana in which two stockmen were killed. The collision occurred between a freight train and a passenger train. The freight train was carrying a load of lumber and the passenger train was carrying passengers. The collision occurred at night and the results were fatal.

ABOLITION OF OPIUM
PEKING Sept 21—As a result of the combined recommendations of the Chinese commissioners who recently made a tour of the United States and Europe and Tang Shue Ki, vice president of the board of foreign affairs an edict has been issued ordering the abolition of the use of opium both foreign and native within a decade. The edict strongly condemns the vice and commands the council of state to devise regulations for the enforcement of the law against opium smoking and the cultivation of the poppy. Government troops have suppressed a revival of opiumism in Shan Si province.

Some organizations had been formed in several towns in the neighborhood of So Ping Fu of the same name who participated in the uprising of 1930.

C. Black of 464 Kirkham street received treatment for contusions on the head caused by falling off a car in San Francisco.

YELLS AND SONGS ARE TABOOED
BERKELEY Sept 21—The song and yell committee of the University has put the ban upon all songs and yells that twist the Cardinal in a personal way. The song that is to draw the prize of a gold fob is appropriately innocuous. It is in praise of the Blue and Gold rather than in derogation of Stanford. There will be two prizes awarded a prize for the best song and a prize for the best yell. The committee that will judge the competition is to consist of Norton E. Wilcox, J. L. Dobbins, Hans Lissner, Hal Bingham, Sam Hume and a member of the faculty.

SANDUSKY Ohio Sept 21—The steamer S. H. Tuttle which sprung a leak off Cedar Point Sunday night and was beached near Marblehead but patched and towed to this port Wednesday afternoon broke in two at her stern early this morning and went to the bottom. The captain and crew escaped in lifeboats.

GRASSHOPPERS IN A GLACIER
One of the small glaciers in Montana is of especial interest on account of

the fact that in the mass of ice there are imbedded two air to of grasshoppers each about foot thick. There are literally tons of grasshoppers in the ice and the question naturally arises as to where they came from.

The most obvious explanation is that centuries ago two enormous swarms in course of migration were caught in a snowstorm and buried in the snow where they have remained till now in a perfect state of preservation. In the accounts of the early western explorers a few instances are related of meeting huge swarms of locusts on the mountain tops in the Rockies. It is a very fortunate circumstance that the great extension of agriculture in the west has broken up the breeding grounds of these insects.—From Country Life in America

ARE IN HURRY TO GET HOME

Officers Who Visited London From Germany Received Rush Orders

LONDON, Sept. 21.—Prigadier General Thom's H. P. and Brigadier General W. P. Duv. H. to come here from Germany where they attended the maneuvers. They had arranged to sail for home September 19, but having received orders to return as soon as possible they are now endeavoring to secure passage in one of the liners sailing September 21.

Sir Thomas Dutton and Mr. and Mrs. T. P. O'Connor sailed from Liverpool today for New York on the Celtic General's Ferry and Mills, a number of yachtmen and other were present at the station to bid Sir Thomas farewell and urged him to arrange a race for the America cup before he returns.

Sir Thomas is proud to discuss the matter of another challenge while in New York. In talking with an enterprising reporter he said that while he could not say anything more definite he thought it very probable that there will be another race.

Friends of Sir Thomas are satisfied that he will issue a challenge during his stay in America.

HE FELL FROM A DIRT WAGON

BERKELEY, Sept. 21.—An employee of the Spring Construction Company named Rosotti was injured yesterday afternoon by falling from a dirt wagon while coming from the company's quarry at the head of Rose street. An ambulance was called and the man was taken to the Roosevelt Hospital for treatment. Rosotti is an Italian and is unable to speak English. His condition is serious.

New Company Believing in the Future of Oakland

No concern could boast of opening under more auspicious conditions than what will soon be known as the real estate firm of Grant Leonard & Co., Inc., at 34 Telegraph avenue between Sixteenth and Seventeenth streets.

Their office is being beautifully fitted and remodeled and will be well lighted and splendidly furnished, showing elegant taste and beauty.

R. W. Grant, the president, has been for years in San Francisco and is a responsible position with the large life insurance companies of the country as well as holding a position of trust in San Francisco for some time.

A. P. Cunha, vice president, is a prominent citizen of Milpitas, being formerly president of the Portuguese Union and among the class of people being well and favorably known. That he may be conveniently located near the office just opening he is to remove to Oakland where he will probably locate permanently.

D. H. Leonard is a large contractor from Fresno and the knowledge of the building line will be of exceptional aid in the handling and building of residences which the firm will deal largely in.

H. L. Breed, the attorney and brother of Arthur Breed is well known here and will be one of the directors of the company.

This firm will deal in real estate, insurance etc. and is going to attend to the building of many houses to be sold on the installment plan, something so greatly needed at the present time.

GEO. F. HATTON HAS RESIGNED

Will Not Be Chairman of the Republican Campaign Committee

George F. Hatton, chairman of the Republican campaign committee has presented his resignation. His reasons for resigning are given as follows:

San Francisco Cal. Sept. 20, 1906

Hon. George Stone, Chairman Republican State Central Committee—Dear Sir: As the charge has been made that my appointment as chairman and member of the campaign committee is with the object of advancing the political interests of United States Senator Perkins, I desire to state that my sole object in participating in the present campaign has been to aid in bringing success to the Republican ticket. As, however, in view of the charges advanced on the individual of their contribution I fear that my service on the committee might hamper in some measure the nominees by creating issues foreign to the campaign I hereby respectfully decline the appointment and in doing so take this occasion to express my high appreciation of the honor conferred upon me. Respectfully,

GEORGE F. HATTON

REPUBLICAN CLUB MEETS

Washington Township to Take Active Interest in the Campaign

The Washington Township Republican club was organized at a meeting held Wednesday night in Hansen's hall. DEPARTMENTS NOT NOTIFIED

President Roosevelt's Orders Concerning Eight-Hour Law Not Observed

WASHINGTON, Sept. 21.—When President Roosevelt issued his orders some time ago regarding the observation of the eight hour law the orders came to the War and Navy Department but were not directed to the other departments. It is understood that the order issued Wednesday is meant to meet conditions that have arisen in other departments notably the Interior Department which has charge of reclamation work in the arid land regions of the West. Complaint was made that the eight hour law was not observed on this work.

The public buildings being erected under the Treasury Department are public works where the eight hour law must be enforced.

ELECTED OFFICERS FOR THE TERM

BERKELEY, Sept. 21.—Officers for the ensuing term were elected at a special meeting of the English Club of the University held Wednesday evening at the Acadia house. Restores Vigor in Old Age

Mrs. ELIZA SCHEIRER, 76 YEARS OLD

Mrs. Eliza Scheirer, who lived at Macungie, Pa., and who has passed a very strenuous life, found at the age of 76 some of the old time vigor and energy lacking. She felt that she needed something to give her strength in her declining years. For over a year she has used Duffy's Pure Malt Whiskey as a tonic-medicine and has found in it the very thing needed for one at her time of life.

She writes the following and cordially recommends Duffy's Pure Malt Whiskey to both young and old:

"I would say that I am now as well as ever—much younger. Have always lived an active life. About a year ago I began using DUFFY'S PURE MALT WHISKY as a tonic, and I can heartily recommend it as a very valuable preservative for young and old." Mrs. ELIZA SCHEIRER, May 5, '06.

Duffy's Pure Malt Whiskey

If you wish to keep strong and vigorous and have on your cheeks the glow of perfect health take Duffy's Pure Malt Whiskey regularly according to directions and take no other medicine. It is dangerous to fill your system with drugs, they poison the body and depress the heart while Duffy's Pure Malt Whiskey tones and strengthens the heart action and purifies the entire system. It is the only whiskey that is recognized as a medicine and contains no food oil. This is a guarantee. Duffy's Pure Malt Whiskey has stood severe tests for fifty years and has always been found absolutely pure and to contain great medicinal properties.

CAUTION.—When you ask your druggist or grocer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal whiskey and is sold only in sealed bottles—never in bulk. Look for the trade-mark, the "Old Chemist," on the label and make sure the seal over the cork is unbroken. Price \$1.00. Medical booklet and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.

AMBASSADOR IS BARRED

Sultan Too Ill to Receive Leishman, Whom He Had Promised Audience

CONSTANTINOPLE, Sept. 21.—The fact that today the Sultan receives three other Ambassadors to whom audiences were promised before the recent illness of his majesty is the reason given for the postponement of the promised audience with John G. Leishman, the American Ambassador. It is explained that it would be inadvisable to expose the Sultan to over fatigue.

OAKLAND SAN FRANCISCO LOS ANGELES

Save Gold Stamps Good as Gold

Give Mr. Gillett a Warm Welcome.

Hon James N Gillett will open his campaign at the Macdonough theater in Oakland tomorrow evening. On that occasion the people of Governor Pardee's home city will have an opportunity to see what manner of man the Republican nominee for Governor is and what he has to say.

The meeting of Mr. Gillett and the Republicans of Oakland will be mutually gratifying. Mr. Gillett will be pleased at the warmth of his reception, and the Oaklanders will be pleased when they see and hear the next Governor of California. Governor Pardee's friends will show Mr. Gillett that Oakland is a hospitable city, genuinely attached to Republican principals, and loyal to candidates nominated by the Republican party.

Mr. Gillett is well worth seeing and hearing. He is a plain man of plain speech, whose unaffected manners and simple directness in stating his views and his position on public questions will beget confidence and liking. Without attempting to be impressive he impresses those who come in contact with him as being an earnest, straightforward man of sound discretion and good ideas—a strong man a safe man.

In Governor Pardee's home city, Mr. Gillett's welcome should lack nothing in cordiality and enthusiasm. As this is to be the initial speech of his campaign there is an additional reason why the Republicans of this city should turn out en masse and give him generous greeting. Oakland is neither sore nor inhospitable, and she will impress that fact upon Hon James N Gillett tomorrow evening. Mr. Gillett will find that there is nothing small or cold about Oakland.

The Los Angeles Herald calls Mr. Gillett "Abe Ruef's candidate." Up to the time of Mr. Gillett's nomination, the Herald kept calling Governor Pardee Abe Ruef's candidate. It is notorious that Ruef was neither for Pardee nor Gillett but that fact does not hinder the Herald from repeating its silly falsehoods.

It is natural that the Spanish papers should regard American intervention in Cuba as the opening wedge of annexation. Their experience with us in regard to Porto Rico and the Philippines justifies the suspicion but our experience in that matter has rather discouraged us from practicing the annexation habit.

A cockney paper takes President Roosevelt to task for trying to reform the spelling of the English language. The President may have taken a rather large contract but the Londoners had better learn to speak English before they set up as authorities on spelling. The First Side Londoner speaks probably the most wretched jargon in the civilized world. It is certainly not English nor anything like the rude dialect of Yorkshire or the slurring speech of Devon. It is equally unlike the harsh vernacular of Cornwall and the broad throaty enunciation of the Lincolnshire fens. English is a great language to be sure but the British have so many different ways of throwing it that one has to go over to Dublin to hear it spoken so as to be intelligible to the average American.

"Uncle Joe Cannon is vindicated by the returns from Maine," declares an enthusiastic admirer of the Danville statesman. "Oh, yes!" The Republican majorities on Governor and Congressmen were only cut down seventy five per cent. For our part, we wish the indication had been a trifle less emphatic. Had the normal Republican majorities in the four districts ranged from 1000 to 2000 instead of from 4000 to 7000 Maine would have elected a solid Democratic delegation this year. The country does not follow Maine's lead however hence the result in the Pine Tree State is not of national significance. But if silly Republican papers like the one quoted insist upon making Maine a test of the drift of popular sentiment the showing will be distinctly to the disadvantage of the Republican party. Why not be sensible about it and state what is the fact that the voting in Maine and Vermont is no index whatever to public opinion in the great Middle and Western States?

Jones of Arkansas.

The country generally knows what happened to Jones of Arkansas. He was a great anti monopolist in the Senate, and was chairman of the Democratic National Committee in both of Bryan's previous campaigns. He committed the sin of being found out however and the people of Arkansas repudiated him and elected a man named Clarke to represent them in the Senate. Jones is now in attorney for the Standard Oil Company, he was also prominently identified with the round cotton bale trust, which went to pieces. Jones has written to Bryan to quit talking about government ownership of railroads. There is a mild curiosity to know whether this advice was given by Jones as the attorney for Mr. Rockefeller, or as an anti-monopoly Democrat. This point was not made clear in the letter and the public is consequently in doubt as to the capacity in which Jones was acting when he wrote it. Otherwise the Jones missive is unimportant. Jones has already been exposed and the character of Pecksniff has been so well portrayed by Dickens that there is no need to say more. But oh you Jones! Rockefeller knew what he was about when he went to Arkansas to hire an attorney. Bryan was not so well posted however, when he picked out a man to conduct his campaign for the Presidency. Wonder if Rockefeller agrees with Jones as the bad policy of the government owning the railroads.

Senator La Follette of Wisconsin seems to be running amuck among the Republicans of the Middle West. Not long ago he went into Iowa and at a Chautauqua meeting attacked Senator Allison for his course in connection with railroad rate legislation. At the time Senator Allison was so ill that his recovery was doubtful. The Wisconsin senator has made another stir by going into Kansas and publicly attacking Senator Long, who was impelled to make a reply from the kump. What does La Follette expect to gain by attacking other Republican senators in their own States? He is creating dissension in the Republican ranks and giving aid and comfort to the Democrats. What he said about Allison and Long is being used as Democratic campaign material in Ohio. It looks as if Senator La Follette wishes the Republican party to meet with a reverse this year. Like Burton in Ohio he is using the President's name as a pretext for assailing other Republican leaders. He might take to heart the disastrous effect in Ohio last year of Secretary Taft's Kew-Forest speech.

The Condition on Washington Street

The merchants of Washington street are complaining about the slowness of the Oakland Traction Company in placing that thoroughfare in condition for traffic. We are unable to say whether the complaint is well or ill-founded, but it nevertheless deserves attention. If the Traction managers can hasten the work of relaying the tracks and reopening the street to vehicle traffic they should do so, for it is evident that merchants of Washington street are not only suffering great inconvenience but considerable loss in business by the blockade. It is to be hoped that they will expedite in every possible manner the work of putting the roadway in condition for general traffic.

On the other hand, it must be borne in mind that the tearing up of Washington street was unavoidable under the circumstances. The street railroad cannot be reconstructed otherwise, and for three years the business men on Washington street have been clamoring for the promised reconstruction of the line. The inconvenience it would cause should have been foreseen, for it was inevitable. Nevertheless, it should not be protracted a moment longer than necessary. While the Traction Company should rush the work as rapidly as possible, the merchants should be reasonably patient on their part.

It is a condition not a theory that confronts the Washington street business men. They are now getting what they have been asking for for several years, but unfortunately they are having their wishes granted at a most inopportune moment, so far as their business is concerned. The street is torn up and out of commission for the use of vehicles for several blocks at a time when business is exceedingly lively. This condition could not have been foreseen by anybody prior to last April, consequently the difficulties of the reconstruction of the railroad on Washington street cannot be said to be the fault of anybody. If anybody is in fault at this time, it is the Traction people in not putting the work through more rapidly. But it is not apparent they are lacking in diligence. They may not be going ahead as fast as they can, but it is evident that the work is being pushed with considerable speed. However, if they can expedite matters they should do so in justice to the merchants on Washington street who are being sorely tried by an experience that is harassing no matter how unavoidable.

It must be remembered also that the Washington street business men have had to wait long for a fulfillment of their desires, only to have them fulfilled when reconstruction entails the greatest inconvenience and loss. This fact alone should prompt the Traction managers to hurry the work in every possible way. Of course they are entitled to the necessary time and opportunity to do the work properly, but in fairness they should not take an unnecessary moment.

The race question is coming sharply to the fore in Arizona and New Mexico with reference to the joint Statehood bill which has been submitted to the inhabitants of both territories for ratification. Some of the English speaking residents of New Mexico are appealing to the Arizonians to vote for joint Statehood that they (the New Mexicans) may be relieved from "Greaser" domination. In Arizona one of the strongest arguments against the bill is that the Mexican vote will outnumber the vote of the English-speaking citizens of both Territories. Appearances indicate that New Mexico will vote for joint Statehood and Arizona against it. In New Mexico it is contended that failure to get admitted to the Union this time means that New Mexico will have to remain a Territory for many years to come.

It is to be hoped that the arbitrators appointed to represent the Carmen's Union and the United Railroads will not approach their delicate task in a contentious or combative spirit. Rev. Father Yorke, for the carmen, and Francis J. Heney, for the United Railroads, are both strong able men of an aggressive type, and should they agree to disagree will pull apart very determinedly. Each will appreciate the gravity of the situation and the responsibilities of his position, doubtless, and will labor for an adjustment which will be fair. Much depends upon the selection of the third arbitrator, who will have to play the part of umpire in many instances. If Father Yorke and Mr. Heney can only agree upon their other colleague, it may be concluded in advance that there will be an amicable settlement.

Senator Tillman's most engaging characteristic is that he is frequently as frank about himself as about others, says the Springfield Republican. He was recently to have delivered a prepared speech on the race problem at the Columbia (Mo.) Chautauqua. But apparently the managers thought that Tillman's treatment of the subject would not be helpful, at any rate, as reported in the Missouri papers they asked him not to deliver it. Tillman therefore obligingly gave an extemporaneous speech on the railroad rate question. But when the management undertook to pay him \$300 he refused it, because, as he said, his speech was "bum." This is refreshing.

When you have them they are opinions, when other people have them they are delusions.

CONTAGIOUS BLOOD POISON THE WORST DISEASE IN THE WORLD

Contagious Blood Poison is the worst disease in the world, not only those who contract it suffer, but the awful taint is often transmitted to innocent offspring whose lives are blighted and bodies diseased because the virus of Contagious Blood Poison has been allowed to remain in the family blood. The first sign of this disease is usually a little purple or bluish then a red rash breaks out, the mouth and throat ulcerate, the hair comes out, copper colored spots appear on the limbs, back and breast, and as the disease more thoroughly poisons the blood, sores and ulcers form and if the trouble is not checked the finger nails drop off, and the soft bones of the nose and head are destroyed. S. S. S. goes down into the blood and forces out every particle of the poison and makes a complete and lasting cure. As soon as the system gets under the influence of the remedy the symptoms begin to pass away, and when the cure is complete the patient is left in perfect health. So thoroughly does S. S. S. rid the system of the virus that no signs of the disease are ever seen in after years, and posterity is born with a rich pure blood supply. Book with complete instructions for home treatment and any medical advice desired will be given without charge.

Change of LIFE

Need Not Bring Suffering and Misery

This perfectly natural change in a woman's life is too often accompanied by painful, distressing symptoms due to female troubles and slight irregularities in her delicate organism.

The woman who passes this change without the development of tumors, cancers, or chronic invalidism enters a new field of happiness and usefulness in the domestic circle and in social activity. Her physical system should receive the necessary assistance at this critical period.

Lydia E. Pinkham's Vegetable Compound

is exactly suited to woman's needs at this time. It strengthens and cures all derangements of the female organism, it overcomes the hot flashes and dizzy, fainting spells, and all other distressing symptoms.

I Was in Bed for Three Weeks

DEAR MRS. PINKHAM:—I suffered a great deal during Change of Life. For eleven weeks I had hemorrhages and it made me so weak I was in bed for three weeks. I began taking Lydia E. Pinkham's Vegetable Compound, although it was against my doctor's will and I had to hide it. I took it regularly until I had taken five bottles and it brought me out all right, a perfectly strong, well woman. Any one can tell how healthy I am by looking at my picture, and any one can write to me or my daughter about our wonderful cures.

Mrs. F. M. MURPHY, East Chicago, Ind.

The whole secret of safety at this time of life is thorough preparation before the change begins. Fortify the system with a course of Lydia E. Pinkham's Vegetable Compound. This wonderful medicine has carried thousands of women through this danger period.

No such helpful advice to women who are sick can be had anywhere as will be received free by addressing Mrs. Pinkham, Lynn, Mass. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction, and since her decease she has been advising sick women free of charge.

DENTISTRY IN BRAZIL.
Consul General G. B. Anderson of Rio de Janeiro is receiving many American inquiries concerning openings in Brazil for the practice of dentistry to which he replies as follows:
In Rio de Janeiro there are quite a large number of Brazilian dentists, some of whom are prospering and others are not. There are also a number of American dentists who have plenty of work at high prices and while the cost of living and their expenses are very high they have large incomes. The advertised prices are 50 to 60 milreis per hour (\$10 to \$15 gold) the actual charges being a little below these rates. These successful dentists however are men of experience and attainments and would do well anywhere. To secure a license one must pass not only a rigid technical examination but must read and write Portuguese fluently. The Brazilians who can supply first-class practice are limited in number and the trade is well controlled, so that it would be difficult for new dentists to secure an opening. American dental supplies are popular and well represented here. —C. S. Consular Reports.

TYLER KINDELON

A marriage of interest to society about the bay was celebrated yesterday afternoon at Burlingame when Miss Edna B. Tyler became the bride of J. C. Kindelon. The ceremony was performed by Rev. Father Dugan pastor of the Catholic Church of Burlingame at the home of Mr. and Mrs. G. W. Gates.

The bride wore a beautiful dress of white silk with a long tulle veil and carried a shower bouquet of roses. The bride is a graduate of the normal school at San Jose and came here three years ago to live with Mrs. Gates an intimate friend of her family. Soon after her arrival she met young Kindelon and their friendship continued until a short time ago when their engagement was announced. She is the niece of Dr. A. P. Hall, a specialist of prominence in San Francisco.

Mr. Kindelon is manager of the San

MISS KATHERINE KUTZ,

Francisco office of the Western Hardware Company of Los Angeles and the couple will spend their honeymoon in the south. They will make their home in Burlingame.

HOUSE WARMING

Yvonne Martin will be host at an elaborate house warming to be given on the evening of October 5 at his new bungalow in the Piedmont hills.

BONNESTELL WALTON

The marriage of Miss Lura Bonnestell and Stanley Walton is of interest to society about the bay. The ceremony will take place at the First Unitarian Church in San Francisco the Rev. Bradford Lewis officiating.

Miss Bonnestell will attend her sister's maid of honor and William Walton will act as best man.

Both young people are well known in college circles. Mr. Walton having been president of the class of '32 and a prominent member of the Phi Delta Theta fraternity. Miss Bonnestell also entered the University having been registered with the class of '37 but has given up her college course in favor of the wedding soon to be celebrated. Mr. Walton and his bride will enjoy an extended honeymoon and in their return will occupy the pretty bungalow which awaits them at Mill Valley.

WEDDING DATE

Miss Edna Montgomery has chosen Wednesday October 30 as the date of her marriage with Lieutenant Edward Sturges, U. S. A. The details are not all arranged but it is probable that the wedding will be a quiet affair.

AN ENGAGEMENT

At the luncheon given yesterday by

the Misses Tillman for Miss Edna Montgomery announcement was made of the engagement of Miss Josephine Tillman and J. Maitland Cline. The couple are very popular in San Francisco society and the wedding which will take place some time this winter will doubtless be an elaborate affair.

The luncheon at which the engagement was announced was a charmingly unique affair all of the guests going in fancy dress. The table was prettily decorated in yellow blossoms and yellow shaded candelabra as a compliment to the cavalry to which branch of the service Miss Montgomery's fiancé belongs. The name cards were daintily decorated with tiny paintings done by Mrs. Charles Stewart and appropriate to the costume worn by each guest.

SOCIETY NOTES

NEW TRACK FOR SOUTHERN PACIFIC

SAN BERNARDINO September 21.—Five carloads of men and materials have been hurried to Salton basin by the Southern Pacific for the purpose of undertaking the construction of a new road around the rising waters of Salton sea. The new road will be built some distance north of the present road on a grade thirty feet higher than the highest point on the present line. In all fifty miles of track will have to be laid.

In some quarters it is believed to be a precautionary measure removing any chance that the Southern Pacific would be tied up should an attempt to shut out the waters of the Colorado river. The waters of the sea are already lapping dangerously near the present roadbed which will be submerged with in a few weeks unless the inflow is checked.

Some Bare Facts

You can never pick up a news paper without seeing some fake sale advertisement and most especially in our respective line of business. We want you to thoroughly understand that we are not one of this class of dealers, who is always selling something for nothing and who claims to be in business for the mere purpose of seeing that you get a piano for less than cost and on easy terms at that. No legitimate dealer will take exception to the foregoing. We claim that any house must have a legitimate profit as compensation for their investment and that is all we ask. Every piano we carry is a standard with a few exceptions and these exceptions are not endorsed by our house. When you purchase from us we guarantee the instrument fully, if it is worth it, if not you take it on your own responsibility for when we give a guarantee we aim to make it good as we are thoroughly responsible. When you peruse our list of standard makes of pianos you will readily see why we cannot offer them at ridiculously low prices but remember we always have cheap pianos if you wish to purchase them, which we can sell as low as any house on earth. Better buy a good piano.

The following is a list of our standard grades: Knabe, Mason & Hamlin, Packard, Ludwig, Hardman, Conover, Smith & Barnes, Price & Teasle, Harrington and Cable line. Don't you think you would like one of the foregoing pianos in your home rather than some cheap unreliable make?

KILLED MAN TO ROB HIM

Four Men Charged With Brutal
Murder of Al Williams
of Martinez

MARTINEZ, Sept. 21.—Charged with fatally beating and robbing Al Williams last Friday night, Peter Vallejo, James H. Fitzgerald, Thomas Lane and Richard Williams are held in jail. A coroner's jury this morning found that Williams was beaten to death by Vallejo and that the other three men were accessories in the crime. All will be held without bail for a preliminary examination.

Vallejo was arrested on Monday, and it was given out by the authorities that he had admitted killing Williams. And now it is announced that the police were not satisfied with Vallejo's story and after four days' search succeeded in placing the other three men in the party but deny that they were responsible for Williams' death.

The murder was one of the most brutal ever committed in this county. Robbery was the motive. It being known that when he started on his fatal ride he had more than \$100 in his pockets and with a group of men he was to be killed and his body thrown into the water.

The four men are charged with Williams' murder. They were all under the influence of liquor and excitement. When near the beach on Smith street all five got into the fight and fought in the street. Such is the explanation given by the police, but the fact remains that only Williams suffered injury. He was so terribly hurt that he never recovered consciousness after being found several hours later and brought to the hospital. Fitzgerald, Lane and Richard Williams were all arrested after the attack and were not apprehended until today. Vallejo was taken into custody Saturday night, shortly after the death of Al Williams, and brought on his case to show his companions. The explanation of the murder, however, did not improve the authorities who from the first wanted a full rate murder with robbery as the motive.

EXPECTED \$500,000 FINDS TOBACCO ONLY

NEW YORK, Sept. 21.—Detective Sergeant Petrosini arrested Emilio Casquini at 107 Maryland street on suspicion of having robbed Antonio Marader of Hartford, Conn., of \$500 by means of a counterfeit game. Marader, identified Casquini as a group of fifteen prisoners.

Marader, who is an Italian farmer living on the outskirts of Hartford, said that on Labor Day he was visited by a well-dressed Italian who said that he was a promoter of railroads. He spoke admiringly of Marader's farm and suggested that his visit had something to do with a railroad that might be in the future. They went for a walk in Hartford and met another Italian, also well-dressed and prosperous-looking. He stopped the two in a rooming house and insisted that they join him at a nearby tavern. Casquini, Marader alleges, had a wonderful story to tell. He was from California and wealthy. His brother, a priest, had recently died and he had come east to spend \$500,000 on a mass for his brother and to buy a gift for the Pope, which Casquini was to journey to Rome to present.

So pleased was Marader to meet his countryman that he invited them to his home to dine. There the alleged holder of \$500,000 confessed that he had the money with him and it made him nervous. He wished to leave it overnight with an honest man, but Marader convinced Marader that himself was the money was in a tin box. The box was opened. It seemed full of money, but before leaving it Casquini must have some security. Marader says he gave his visitor \$500. Then the two men left. In the morning, Marader's curiosity was aroused and he opened the tin box. It contained a piece of tobacco.

At police headquarters when Marader identified Casquini there was an exciting scene. It took half a dozen policemen to keep him from doing violence to Casquini.

WOMAN AND PASTORS COMMITTED TO JAIL

PEABODY, Sept. 21.—The Rev. A. L. House, a United Brethren pastor of New York, and the Rev. George H. H. of a local Evangelical preacher and Mrs. Anna Thompson were arrested in the woman's apartments here last night by detectives led there by the woman's husband, Harry Thompson. The three were committed to jail.

Thompson began to suspect his wife about four months ago and employed a detective to watch her. A week ago while her husband was at work she removed all the furniture from his house and moved on Penn square. The ministers were frequent visitors to the place.

But has a wife and three children and resides here. House has been selling church books in this vicinity.

WOMEN STEAL CAR OF COAL AND ARE HELD

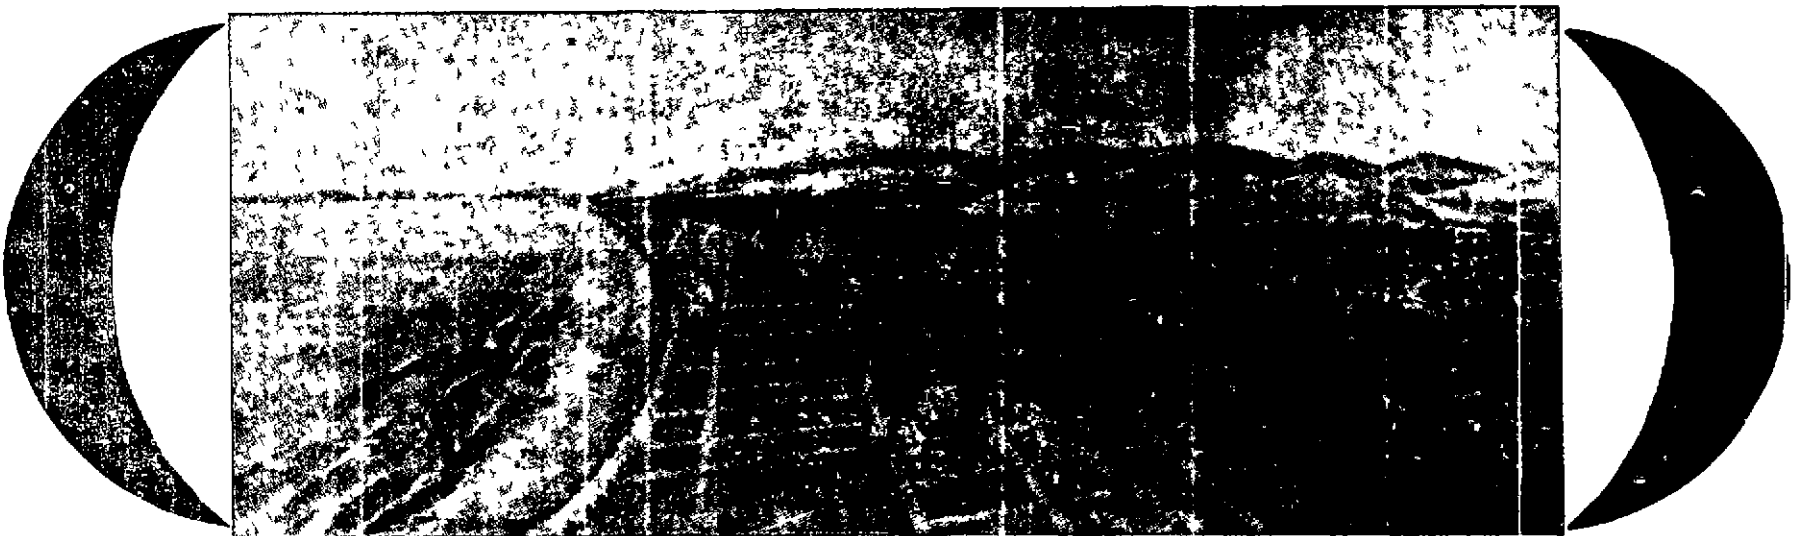

WILKESBARRE, Pa., Sept. 21.—Detectives Gray and Knapp today arrested fourteen out of twenty-four women charged with stealing coal from the Central Railroad of New Jersey. The women live in and near Ashley and will have a hearing before Burgess tomorrow.

It is said that within the last few days the twenty-four women emptied a forty-ton gondola loaded with coal and were starting in on another. The company recently found that its loss from coal thefts along the road is considerable and special officers were instructed to stop it.

WILL UNITE WITH LEAGUE

Union Labor Party of Contra Costa County Will Make Such Combination.

The Union Labor party of Contra Costa county is to combine with the Independence League in the coming county election this fall. A combination ticket will be nominated and the campaign begun in a few days. H. E. White, president of the Independence League in the county, has called a mass meeting of the leading citizens and business men which will be held in A. O. U. hall in Richmond this evening and candidates on the county ticket will be nominated at that time.

The Independence League organization in the county has met with much success in its campaign up to date and many leading men have been attracted by its platform. The members of the Union Labor party have turned in a body to the principles upheld by the Independence League and many of the prominent men in the party are devoting every effort to the success of the league campaign.

C. W. Perry, secretary of the Alameda County Labor Council and Independence League and labor candidate for Senator in the Sixteenth District is to present at the convention in Richmond and will speak on the work of the Independence League, showing its connection with the labor interests and the advantages of the principles therein laid down for organized labor.

The interest in the league has been manifest in Contra Costa county since it was first organized and the success of its campaign in county politics is considered reasonably certain.

Scientific Cure for Fits

Science has at last discovered a cure for a disease which has always been regarded as incurable—Epilepsy or Fits. Elmer Koenig, his discoverer, a well-known Washington investigator, found it for the first time in this city. Ovi Drug Co. and in every case where it has been tried it has demonstrated its worth and power to strengthen the nerves and the centers with new force and conquest.

The Ovi Drug Co. has so much faith in Elmer Koenig's cure that they have heard of the cures it has made in other cities and the remarkable results following its use here that they guarantee a cure or will refund the money. You can see for yourself in Elmer Koenig's case. Use this remedy and once more be well and strong. Free from all fears of epileptic seizures. Price \$1.50. Write, Elmer Koenig, P. O. PLAN TO FORM NEW ACADEMY

Project Submitted by the Board of Regents of the State University.

If the wishes of the Board of Regents of the University of California are carried out an academy of Pacific coast history will soon be formed to direct the affairs of the famous Bancroft library located in the California hall Berkeley, and under the jurisdiction of the university regents. The regents are of the opinion that a special body should have charge of the great collection as the work is too much for the board.

The matter was taken up and thoroughly discussed yesterday afternoon at the regents' meeting in San Francisco. The regents agreed that the library was much more than the mere impetus and suggested that it be recognized as an academy and put upon the same footing as the museums connected with the famous educational institutions of Europe.

According to the ideas of the regents the men who are appointed to control the academy should be qualified to take up the work and be willing to subscribe a certain sum approximately about \$500 a year each toward the maintenance of the academy. President Wheeler is suggested as an ex officio member of the society.

This body should be notified to return in an annual report to the Board of Regents of the university. It is suggested that the bureau of historical research at Washington would furnish funds for printing calendars and manuscripts of the academy.

The regents also favor the appointment of a trustee and a staff of assistants to look out for the practical affairs of the academy. This would require an outlay of about \$10,000 a year. The regents do not believe that the university fund should be burdened with this expense but think the members of the proposed history society should make it up.

HIS CAMPAIGN ON THE BOOM

Enthusiasm Marks the Running of Pierce for Auditor—Club is Formed.

The enthusiasm which has marked the campaign of George S. Pierce, the Republican and Democratic candidate for the office of county auditor, was given a big impetus last night by a number of his friends who organized the "Pierce Commuters' club," composed exclusively of residents of this county who are doing business in San Francisco. Representatives were present from Berkeley, Alameda and the adjacent towns and a program was outlined which contemplates a "ferry-boat campaign" for the popular candidate. All of the organizers are voters and their purpose is to carry the Pierce slogan daily across the bay to and from their labors.

Charles S. Wightman was elected president and C. M. Covell secretary and the meeting which was called in the Pierce headquarters at Thirteenth and Broadway, was characterized by a number of speeches pledging support to the aspirant for office. Arrangements were made for committee work and future meetings which will be held during the campaign.

It was agreed that weekly meetings and reports would be made and smokers would be held at intervals. The members present presented lists of absentee commuters who are Pierce enthusiasts and it is expected that the ferry-boat campaigners' club will number several hundred voters.

The Pierce Commuters club is to be an independent organization of the Pierce Central club and a friendly rivalry now exists between the two organizations though the latter is an older movement and numbers hundreds of county residents. The commuters claim they will be able to talk politics to many hundreds of bay travelers and the auspices under which it starts are very favorable.

BABY DIES FROM DRINKING WHISKY

WATERTOWN, N. D. Sept. 21.—The two-year-old son of Herman Sturtz died as the result of drinking whisky. The little one in some manner unknown secured a flask of whisky which had been kept in the house for medicinal purposes and drank most of its contents in a short time. The liquor took effect but the father, believing the child was only drunk and that the effects of the liquor would soon wear off, did not summon a physician at once. When however the child was still in a comatose condition on the following day, a physician was summoned. The doctor found the child in a sad plight, with the muscles of the entire body tense and convulsed. Treatment was given but without result and the child soon afterward died.

YOUNG WIFE ELOPES, THEN KILLS HERSELF

McDONALD, Pa. Sept. 21.—The annual convention of the Pennsylvania Firemen's Association closed today with a sensational tragedy. Mrs. John Anderson, the young wife of an oil driller named John Sechler, attended the convention and she returned with him to his home in this city. This afternoon she was driven to the home of her husband by Sechler and set down at the front gate. Good-bye, she said, and she started to drive away. Sechler glanced over his shoulder just in time to see the woman raise a revolver to her head and shoot herself. He sprang out of the buggy but before he could reach Mrs. Anderson she had put a bullet through her heart. Mrs. Anderson's father refused to have anything to do with the body and neighbors took charge of it.

FIVE KILLED IN EXPLOSION

Dynamite on Right of Way of the Grand Trunk Road Causes Disaster.

WINNIPEG, Man., Sept. 21.—Word was received in this city last night of a dynamite explosion which occurred on the right of way of the Grand Trunk Pacific Railway near Pinemark, New Ontario Wednesday afternoon, in which five persons were killed outright and six others injured, one of whom is expected to die.

BAPTIST RALLY.

The young people's department of the San Francisco Baptist Association is to hold its usual monthly rally tonight at 8 o'clock at the Calvary Baptist Church in this city. An excellent program has been prepared and it is hoped that all Baptist societies will be well represented.

INTERESTING FACTS

For Nearly Every Man, Woman or Child.

A short time ago we published an article recommending to our readers the new discovery for the cure of Dyspepsia, called Stuart's Dyspepsia Tablets, and the claims then made regarding the wonderful curative properties of the remedy have been abundantly sustained by the facts. People who were cautious about trying new remedies advertised in the newspapers and were finally induced to give Stuart's Dyspepsia Tablets a trial were surprised at the results. In many cases a single package costing but 50 cents at any drug store made a complete cure and in every instance the most beneficial results were reported. From a hundred or more received we have space to publish only a few of the latest but assure our readers we receive so many commendatory letters that we shall publish each week a fresh list of genuine unsolicited testimonials and never publish the same one twice.

From James Yennemeler, La Crosse, Wis. Stuart's Dyspepsia Tablets are doing me more good than anything I ever tried and I was so pleased at results that I gave away several boxes to my friends who have also had the same beneficial results.

From Jacob Anthony, Fortmurray New Jersey. I have taken Stuart's Dyspepsia Tablets with the best results. I have Dyspepsia for 5 years, and had taken a great deal of medicine, but the Tablets seem to take right a hold and I feel good. I am a farmer and time runner and I heartily recommend to everyone who has any trouble with his stomach to use these Tablets.

From Mrs. M. E. West, Preston, Minn. I have received surprisingly good effects from using Stuart's Dyspepsia Tablets. I gave one of my last boxes to a friend who has also suffered from indigestion and she had the same good results.

Stuart's Dyspepsia Tablets are a certain cure for all forms of indigestion. They are not claimed to be a cure-all but are prepared for stomach troubles and indigestion and druggists everywhere recommend them to all persons suffering from Nervous Dyspepsia, sour or acid stomach, heartburn, bloating or wind on stomach and similar disorders.

SOCIALISTS IN ROUSING RALLY

Open Their Campaign With Address by Their Candidate for Governor.

At Hamilton Hall, Thirtieth and Jefferson streets, the Socialist party opened its campaign last evening with a rousing rally. The auditorium of the hall was comfortably filled when the meeting opened a large number of laboring men having accepted the invitation of the campaign committee to be present to hear an exposition of the Socialist platform.

The principal speaker of the evening was Austin Lewis, lawyer and lecturer, who is the Socialist party's candidate for Governor. Mr. Lewis spoke on the "Issues of the Day," and was accorded a warm reception.

Prior to the speaking Barney's band relieved the tedium of the wait with several musical selections.

REJECTS PRINCE FOR MARQUIS

PROVIDENCE, R. I., Sept. 21.—A cablegram received here today announces the betrothal yesterday of Miss Madeline Ines Goddard, the only daughter of Colonel and Mrs. Robert H. I. Goddard, to the Marquis Rene d'Aubigne, to the Marquis Rene Marquis country home near Saumur, Anjou province, France.

Miss Goddard is a cousin of Mrs. C. Oliver Ingham and is a prominent figure in Providence, Newport and New York society. She is a talented violinist, is devoted to athletics, and a few years ago was the best golfer in the Agawam Hunt Club. She has lived abroad much of the last five years.

Her father, Colonel Goddard, is rated as worth \$5,000,000. He is the candidate of the Democrats and Independents for United States Senator to succeed Senator George Peabody Wetmore.

The Marquis d'Aubigne has large landed interests in the south of France, where he is known as a "gentleman farmer" and breeder of thoroughbred stock. Miss Goddard has rejected many titled suitors, including a prince.

WIFE'S RIGHT TO GO THROUGH POCKETS

KENOSHA, Wis., Sept. 21.—Judge Belden, in the Circuit Court here, recognized the ancient right of a woman to "frisk" the pantaloons of her spouse. Lewis Ewe, owner and editor of the Kenosha Volksfreund, filed suit for a divorce, alleging that his wife made it a custom to "go through" his pockets. The wife filed a cross bill and the court awarded the decree to her.

EQUIPMENT TO BE INCREASED

Southern Pacific Places Many Orders for New Locomotives.

The Harriman lines are making strenuous efforts to add to their equipment. The recent freight car shortage in San Francisco has alarmed the officials, and they are determined to take no chances in the future. The local officials learned yesterday that in response to their urgent requests, large orders for new cars have been placed, and that some of the cars would be on the Pacific coast.

In particular, the cars will be given for freight cars, and about 15,000 have already been ordered. The condition of the car manufacturers is such at the present time that it is extremely hard to place orders and Harriman has had to scatter the contracts in small amounts among all the car works in the country. Others will be ordered as soon as bidders are found who are in a position to take the contracts.

The Southern Railway

forts will be made to raise the number to at least 60,000, while the stock of the Union Pacific will be largely aug-

year has been abnormal, and the Harriman lines have had great trouble in taking care of the freight.

In addition to the new cars, the Southern Pacific and Union Pacific have placed a large order for locomotives. A contract has been let to the Baldwin Locomotive Works of Philadelphia for 271 new engines of the finest type. These will be mainly used on the Southern Pacific and will burn oil for fuel. Some of the engines will be especially equipped for the heavy haul-

MILLIONAIRE SUES WIFE FOR DIVORCE

Sensational Charges Are Made in the Complaint

MARRIED ONLY NINETEEN DAYS

Daughter of a Railroad President, Now in Oakland Refuses to Live With Her Husband, but Will Contest His Suit for a Separation.

Claiming this beautiful young bride, Lillian Irvin Keller Gurnee, had treated him with extreme cruelty and that she was wife in name only, George Hinnaman Gurnee, a millionaire real estate operator, residing at Stege, has separated from her, after nineteen days of connubial infelicity and has filed an action for divorce in the Superior Court of Contra Costa county.

The suit promises to bring forth the most sensational testimony heard in a divorce court of this State, and the fact that it will be bitterly contested by the stunning Mrs. Gurnee will add to the interest which will be taken in it by the smart set of New York, Louisville, San Francisco and Oakland.

HIGHLY CONNECTED.

Both parties are of national prominence, owing to their family connections. The plaintiff is related to the late Walter S. Gurnee of New York, the well-known banker of Wall street, who died some years ago, leaving an estate valued at many millions. Mrs. Gurnee is the granddaughter of the late Dr. E. D. Standiford, who was president of the Louisville & Nashville Railroad at the time of his death. Her father, Murray Keller, of Louisville, at one time was one of the best-known railroad men in this corporation.

Lillian Keller was a Kentucky belle when her parents decided to leave Louisville and make their residence in New York city. From early childhood their daughter was an acknowledged beauty and when she blossomed into young womanhood she numbered among her admirers scions of the best families in the Blue Grass State.

POSITION IN SOCIETY.

Her position in society was firmly established by her grandfather, who made it plain that she was his favorite grandchild. Therefore, when the beautiful girl made her debut when she was only eighteen years of age, the function proved to be one of the most brilliant affairs of a brilliant season. It was a source of the deepest regret to the smart set when Mr. and Mrs. Keller and their daughter bade good-bye to Louisville and journeyed to New York. Their departure was attended by a host of swains all anxious to receive one word of encouragement from La Belle Lillian, but she remained deaf to their proposals of marriage and entered New York city heart whole and fancy free.

Mr. Keller had purchased a handsome home on West 79th street, in the most aristocratic residence section of the metropolis, and then it was that the youthful girl won laurels anew.

MEETS LOVER.

It was shortly after her arrival that George Hinnaman Gurnee came into her life. The meeting took place through a mutual friend and it was evidently a case of love at first sight, for their engagement soon followed. Gurnee, on account of his prominent social position, and his wealth, did not engage in what the "400" would call "vulgar trade." He was also addicted to drink, and these obsessions caused Mrs. Keller to frown upon the match.

IS MARRIED.

More than a year had passed and the young couple were still subject to the displeasure of the mother. Entreaty followed entreaty, until Mrs. Keller removed her objection, and Lillian Keller became Mrs. Gurnee on August 27, at the home of her parents. The ceremony was performed at 3 o'clock in the afternoon and two hours later the happy pair were bound for the

Golden West, on the Pennsylvania Limited.

Before they had reached Philadelphia the trouble began, which ended in their separation in this city last Friday. Gurnee's love for liquor soon made itself apparent and the young bride soon found herself with a drunken husband on her hands.

Throughout the long trip to California, Gurnee would have lucid moments when he would picture to his beautiful bride the cozy little home that was awaiting her at his large estate in Stege.

He told of the charm of the scenery, the picturesque walks and drives and the rapturous sport of riding over the country on horseback.

IS ENCHANTED.

The young girl became enchanted with the picture that her husband had so skillfully drawn, and temporarily forgot his weakness in the contemplation of the little cottage and the joy they would have in living in it.

AT TOURNAINE HOTEL.

Arriving in Oakland, Mr. and Mrs. Gurnee had difficulty in obtaining suitable apartments, but were finally accommodated at the Hotel Touraine. Chief Clerk C. K. Loomis thought it strange that the young woman should insist that two beds be placed in the room, but he complied with her demand.

Accompanying the pair was a little lap dog belonging to the groom, who expressed indignation when informed by Proprietor Watley that it would not be allowed in the room, but that it could be left in charge of the porter.

Gurnee reluctantly turned the animal over to the servant and nothing more was thought of the matter by the hotel authorities until it was learned that Gurnee had smuggled the pet to his apartment and a row ensued in which Mr. Watley was victorious. The canine was returned to the porter, from which it eventually escaped and never returned.

This was a source of anger to the bridegroom, but one of joy to the bride.

ALL NOT HARMONY.

In the meantime the guests of the Touraine noticed that all was not harmony between the couple, and it became whispered about over the tea cups that the pretty girl was unhappy.

Then there were continued quarrels in public, in which Mrs. Gurnee stated that she was disgusted with the West and upbraided her husband for bringing her to California. This displeasure on her part was the result of a trip that she made to the "cozy little cottage" in Stege.

The home which Gurnee had prepared for his bride was visited by them on the day following their arrival in Oakland. One glance at the town convinced the girl that she had been deceived and accordingly she charged her husband with the deception.

The bright dream of the future faded instantly and she demanded that her husband return with her at once to the Touraine.

Her wish was acceded to and the couple remained at the hotel until September 8, when they went to the Athens. It was the beginning of the end.

ACTION FOR DIVORCE.

Mrs. Gurnee returned home last Friday afternoon from a machine and was met at the door of her apartment by her husband, who kissed her a last time. Upon reaching it she found that he notified her that he was going to her

gion an action for an interlocutory divorce. Then he left her.

Deserted and alone the young bride was forced to leave the Athens and make her home with an entire stranger, where she awaited the service of the summons. It came yesterday as a birthday gift, the papers having been filed in Martinez yesterday by Attorney George W. Haight.

As soon as she learned that he had really determined to get rid of her Mrs. Gurnee consulted Attorney A. V. Mendenhall and one of the bitterest contests on record is to follow.

"A DIRTY CUR."

In his complaint Gurnee states that

his wife treated him in a cruel and inhuman manner, although he made every effort to comfort her and promote her pleasure. He states that she refuses to occupy the stateroom with him on the train and when he would enter the compartment that she would leave.

At Stege she said in the presence of other parties that he ought to be horsewhipped and was a dirty cur for bringing a New York girl to such a place. She would not eat at the hotel, but demanded to be taken to the Forum, "an expensive place." Once when he would not comply with her wishes she declared she was going

OUTLAW ANDREWS HAD A WIFE WHO WANTS HIS PROPERTY

Man Who Killed Himself After Robbing William Ellis Wrote Loving Letters to His Lone Spouse.

There was filed with the County Clerk today an affidavit made by the wife of the late desperado, Milton Franklin Andrews who, when run to the ground in a lodging house in San Francisco for the attempted murder and robbery of William Ellis of Australia, in a house on Atherton street in Berkeley about a year ago, took his own life and that of the woman with whom she was living at the time but who was not his wife.

The whereabouts of the deserted wife was made known by the affidavit of the City Clerk and other officials of Holyoke, Massachusetts, setting forth the fact that Andrews was married in March of 1926 to Jennie Walsh of that city and that that woman was the daughter of Mr. and Mrs. Whitcomb of that place, and that at the time of the making of the affidavit, the widow of the desperado was still a resident of Holyoke.

The affidavit was filed by Attorney John McVey, the attorney for Mrs. Andrews, and is intended to show that woman's right to the estate which was

left by Andrews, and which is supposed to be worth between \$400 and \$500. It consists in the main of the proceeds of the sale of a diamond ring left by Andrews which was auctioned off by the public administrator and which brought \$420. Andrews also left a quantity of wearing apparel.

Andrews was accompanied in his criminal work by a woman named Nida Petrie Olive. Both of them hired a house on Atherton street, Berkeley, and induced William Ellis to accompany them to the house and while there Andrews assaulted Ellis with an axe. Ellis, however, recovered and Andrews and his paramour fled until they were located in a lodging house in San Francisco. When they realized that they had lost both met death in the same room, and when the police entered the chamber both Andrews and the Olive woman had passed beyond earthly punishment for their sin.

Accompanying the affidavit was a photograph of Andrews and his wife, and a letter written to the latter from Colorado Springs by which she also seeks to show her claim to be styled the widow of the desperado.

The case will come up in the Superior court of this county October 5.

to get an attorney, and left the room, slamming the door in his face.

MAKES DENIALS.

In her denial made to a TRIBUNE representative today through her attorney, although she was present at the interview, she said that Gurnee threw a champagne glass at the Forum one night and that he was barred from the restaurant because he broke glasses

and raised a "rough house" while drunk.

As to his statement that she refused to walk with him on the street Mrs. Gurnee said that her husband was always drunk and could not keep up with her.

Mrs. Gurnee is a strikingly stunning woman and regrets exceedingly the notoriety that has been given the case.

NURSE FINDS BROTHER ON OPERATING TABLE

CUMBERLAND, Md., Sept. 21.—Miss Jane Shroll, a nurse in the hospital here, responded to a call to assist in an operation in the emergency ward, and as she entered the room was horrified to see her brother, Henry Shroll, of Pittsburg, lying upon the operating table with both legs crushed off just below the hips.

Shroll had fallen under a car as he alighted from a train while on his way to visit his sister.

Recovering from the shock, Miss Shroll proceeded with her duties, assisting the surgeons through the half hour of the operation without betraying the slightest emotion.

When the work was completed she faint.

HERO BURNED; TWO CHILDREN PERISH

SCRANTON, Sept. 21.—Two little girls were burned to death yesterday and their father was fatally injured trying to save their lives at the family home, on West Mountain.

Fernat Smith, the father, and his wife were returning home when they saw the house ablaze. Thinking only of their three children, they frantically fought the flames. They succeeded in dragging the children out, and there was a mad three-mile drive to a hospital. Emily Smith, 5 years old, and Nettie, 12 years, died soon after. Frank, 16 years old, was painfully burned, but will recover.

The father, who is a miner, may not live throughout the night.

DESERTED BABY.

A tiny babe was left in the station at Seventh and Broadway about 10:30 o'clock this morning by a woman who is described as being about 60 years of age and well dressed. The woman left the child in the care of Mrs. Lizzie Flynn of First and Webster streets, who was sitting in the station, waiting for a train. She told Mrs. Flynn that she would return in a few moments. She did not put in an appearance, however. About 12 o'clock the babe was given into the care of Policeman Cockerton, who brought it to the police station.

CONTROVERSY SETTLED.

GILLETT TALKS TO STUDENTS

Republican Nominee for Governor Says We Should Be Proud of This State.

BERKELEY, Sept. 21.—Several thousand enthusiastic students listened to the words of James N. Gillett, the Republican nominee for Governor of California, at the University meeting in Harmon Gymnasium this morning. In introducing Mr. Gillett, President Wheeler said that California was very fortunate in having several candidates for Governor who are men of character and cleanliness of life. He said that he was particularly glad for the University students to see and hear Mr. Gillett, because he represented the sturdy type of modern, American citizenship that always deserves recognition.

Nominee Gillett said in part: "Californians have every reason to be proud of their State. I was so proud of it that I wanted to return from the East and spend my days here as Governor of California. When I received the invitation to address the students of the University of California I was especially pleased, as I wanted to have an opportunity to look into the faces of those who will soon be confronted with the great problems of life, and are about to take up the duties of citizenship. I do not care to speak to you today on the question of politics. I did not come here for that purpose. Nevertheless, all good American citizens should make the study of politics their paramount duty. If I should be elected Governor I want you to understand that the University has no better friend than myself."

IGNORANT OF HIS OWN MIND

Specific Reasons Given for the Recent Suspension of Sophomore Moses.

BERKELEY, Sept. 21.—The specific reasons for the suspension from the university of the sophomore, Ben D. Moses, was made known in a statement issued yesterday from the office of President Wheeler. The statement embodies the recommendation of the undergraduate student affairs committee, which has in this instance showed its hand for the first time since the inception of the idea of senior control. The mental faculties of Moses as to whether rushing is right or wrong is given as one of the reasons for the recommendation of dismission. The statement from the office of President Wheeler follows:

"That Ben D. Moses, a sophomore in this university by President Wheeler upon the recommendation of the undergraduate students' affairs committee, pending the concurrence of that body in the recommendation, and the approval of President Wheeler. The recommendations follow:

First, For wilfully taking part in two rushes this semester, knowing that the wish of the president of the university and of the senior class was to the contrary.

Second, For repeatedly returning to take part in the rush of August 24th, after having been repeatedly warned by seniors to desist and in open defiance of their request.

Third, For helping to precipitate the rush of September 5 by assisting in the scaling of the ladder box and taking an active part in the rush that followed.

Fourth, For having no clearly defined idea as to the right and wrong of the question of rushing and for regarding the prestige of class to be of higher value than the honor of the university.

For these reasons this committee believes that Mr. Moses should be asked to sever his connection with the university for the rest of this semester.

LARGE SUMS FOR MUSICALS

Committee of University Has Appropriated for This the Sum of \$15,000.

BERKELEY, Sept. 21.—The music and dramatic committee of the University of California has appropriated from the fund at its disposal the sum of \$15,000, to be used by the executive committee of the musical and dramatic association of the students in producing Shakespeare's "Merry Wives of Windsor," with student talent. This is to be the first of a series of annual plays with a student cast that will be given under and with the encouragement and support of the music and dramatic committee.

At the beginning of this term a movement was started with Professor Gayley as the prime mover with the object of producing a drama on a scale never before attempted in this university. The work has been carried rapidly forward by the executive committee of the Musical and Dramatic Association, which consists of Professor Kurtz, Professor Wells, Professor von Neumann, Cornelia Stratton '07, Louise Manefee '07, Isabelle McReynolds '06, Harold Clark '07, Sam Hume '08 and Grover O'Connor '07.

"The Merry Wives of Windsor" is scheduled for October 27, and the work of preparation is well under way. The giving of this play will mark the beginning of the presentation of English classics by the student talent at this university. The scenery will be elaborate and no detail of stage furnishings will be neglected. The committee is endeavoring to secure a coach from the East to take charge of the production.

Milton Schwartz, who has won fame as a comedian, said yesterday: "A production like the one in view has been one of my pet desires. I believe that the University of California should stand for something ideal in dramatics. It ought to produce something better than farces and burlesques."

FELL TWENTY FEET AND BROKE LEG

ALAMEDA, Sept. 21.—William Kopka is confined to his home with a broken leg due to a fall from a house he was painting. Kopka fell a distance of twenty feet and the right leg broke from the impact. He is now at his home on Alhambra avenue, but will be out in two weeks.

Over Two Thousand Elks Are Sure to Be at Idora Park to Take Part in the Affair Which Promises to Be a Most Gala Occasion

BERKELEY, Sept. 21.—All is in readiness for the fiesta at Idora tomorrow, the day of days for the Berkeley herd of Elks. Over two thousand tickets have already been sold, and many of the stores have agreed to close for the afternoon. It is expected that the park will have the largest crowd ever gathered there in its history; and, to quote a prominent member of the antlered fraternity, "there will be something doing every minute."

While the Order of Elks has no auxiliary organization, being strictly masculine in every respect, all members of the order have a soft place in their hearts for the ladies, and it has been intimated that the feeling is mutual. Every Elk is proud of his family and of every other Elk's family. As a token of the esteem in which the ladies are held the committee has appointed a ladies' reception and souvenir committee to consist of a number of representative ladies who are greatly interested in the work entrusted to them.

The personnel of the committee follows: Mrs. J. D. Waterman, chairman; Mrs. E. T. Brown, assistant chairman; Mrs. C. Z. Ellis, Mrs. J. M. McDermott, Mrs. C. E. Dunsmuir, Mrs. J. A. D. Hutton, Mrs. James Carpenter, Miss Alice Rowell, Miss E. Bibbs, Mrs. Turner, Mrs. Geo. Ruble, Miss Marion Pond, Mrs. Geo. Grimsdew, Mrs. Fred E. Reed, Mrs. W. J. HE WANTED TO FIGHT OFFICER

Chinese Strikes McDonnell, but is Subdued by a Return Blow.

ALAMEDA, Sept. 21.—Ah Dock, an Oriental with a penchant for pugilism, last night attacked Officer McDonnell at the corner of Park street and Lincoln avenue. McDonnell was making his rounds and had just opened the gate leading into Chinatown, when he was struck by the fighting Dock. The Oriental placed an upper-cut on the ear of the patrolman, who retaliated with a solar plexus blow. All fight left Dock, when he hit the ground after receiving the blow. He became so limp that it was necessary for two of the patrolmen to take him to the police station. He was released on \$20 bail last night and this morning forfeited the amount.

MANDOLIN CLUB HOLDS SECOND MEETING

BERKELEY, Sept. 21.—The Mandolin club of the university, held its second meeting of the term in Stiles hall last evening. The following officers were declared elected: President, Yost '08; vice-president, Gillett '07; treasurer, Robinson '07; secretary, Hall '07.

There were sixteen aspirants for membership present. The eight men who were finally selected to play on a month's probation were as follows: Mandolin, F. Boyd '09, N. E. Drape '09, J. N. McKibben '09, D. G. Volkman '08, Guitars, H. W. Bingham '07, W. R. Tucker '10.

SENIOR RECORD TO BE PUBLISHED

BERKELEY, Sept. 21.—It was definitely decided at a meeting of the senior class of the university yesterday that a "Senior Record" to take the place of the Blue and Gold destroyed in the San Francisco fire should be published during the latter part of the spring term. Succeeding classes will probably accept the precedent and publish senior records of their own. So it may be said that a new college tradition was put in being yesterday on the campus in Berkeley.

HAVE AGREED ON QUESTION

Subject of Annual Debate Between Senate and Students' Congress is Decided.

BERKELEY, Sept. 21.—The question for the annual debate between the Senate and the Students' Congress, the two student debating societies of the University of California, has been chosen by the Senate committee. The Congress has the privilege of choosing its side. The question follows: "Resolved, That the centralized form of the French government is inimical to the stability of the republic."

SHE HAD AN EARLY CALLER

ALAMEDA, Sept. 21.—Mrs. Hilda Fredericks, whose home is at 517 Taylor avenue, is the victim of a funny experience. At an early hour yesterday morning Mrs. Fredericks reported to the police that during the night a strange man had been in the basement of her house and had wrecked the place. Ten minutes later she telephoned a second time to explain that a neighbor had become mixed up on the way home and had entered the wrong house. He had just come in to make apologies to Mrs. Fredericks and she was satisfied.

SOCIAL DOINGS ABOUT BERKELEY

BERKELEY, Sept. 21.—Miss Emma O'Hara, a pretty co-ed, visited with her parents in Sacramento over Sunday. Miss Daisy Maple is visiting Miss Maude Brewster and Mrs. T. D. Littlefield in Sacramento. H. J. Bole was a visitor over Sunday with relatives in Napa. Joseph Snell of Ukiah has come to this city to make his future home. Mrs. Henry Glass, wife of Rear-Admiral Glass of Berkeley, was hostess at a delightful tea Friday last. The affair was given in honor of Mrs. Charles Plummer Perkins of the United States Naval Training Station. Mr. and Mrs. Milton Pray, who spent a few weeks recently with a party of friends on a hunting trip, are again in Berkeley. Miss Cornelia Long is the guest of the Misses Connolly in Sacramento. S. P. Sherley has returned to his home in Willows after a brief visit here. Mrs. Ella Clark of Grass Valley is visiting in this city and vicinity, having come down from Sacramento. Mrs. E. Graham has returned to her home in Sacramento after several weeks' visit in this city and other bay points. Ned Sawyer of Riverside, a former student of the University here, left this week to enter the Harvard Medical school of Boston. Henry Hessay spent the latter part of last week with Valley friends. He is a student at the University. Felix Nordyke is visiting his uncle, S. P. Sherley at Willows. He was a former resident of this city. Mr. and Mrs. Fred Foss and family left Wednesday for an extended visit in the East. They will spend about three weeks in New York. Mrs. Ida Phillips and son and Mrs. S. Wise have returned from the South and are at 1550 Hayes street.

TALKED PLANS FOR THE YEAR

Alameda Teachers' Club Elects Officers and Discusses Important Affairs.

ALAMEDA, Sept. 21.—There was a meeting of the Alameda Teachers' club at the high school yesterday, at which time plans for coming year. The following are the officers who will handle the reins of the club during the coming twelve months: President, George C. Thompson; vice-president, S. B. Wright, secretary-treasurer, Miss Ada Bird. The members decided to have no university course lecture this year. The lectures they desire to have given here are not to be had and it was decided that the committee make arrangements for some of the evenings during the year. The executive committee of the club is to be composed of the officers and a select group of the members of the local schools.

ASTHMA

The New Method of Treating This Disease a Remarkable Success.

NEW YORK, Sept. 18.—Marvelous cures are claimed by those who have used the new Vienna Toxicol formula. This remedy is an internal treatment taken to homeopathic doses, causes no stomach derangement and acts directly on the bronchial tubes and mucous membranes. It restores all affected tissues to normal condition, thereby entirely eradicating the asthma. Since this famous Vienna Toxicol treatment has been introduced in America, hundreds of sufferers have availed themselves of the generous offer of the Toxicol Laboratory, 1259 Broadway, New York City, who are still sending a test treatment free by mail, to all who write for it.

WILL ISSUE BOND CALL

Trustees and Special Committee Arrive at Conclusion During Much Enthusiasm.

BERKELEY, Sept. 21.—That an immediate call should be issued for the various bonding propositions for the improvement of the municipality, was the decision reached last night at a joint meeting of the City Board of Trustees and the special committee representing the Chamber of Commerce and the conference committee of improvement clubs. Tremendous enthusiasm was manifested at the meeting which was held in the rooms of the Chamber of Commerce.

The proposed improvements call for the expenditure of nearly a half million dollars and include the purchase and improvement of the West Berkeley wharf, the installation of a special system for fighting fire, the acquisition of a municipal building to replace the one destroyed by fire and the rehabilitation of the fire department.

The committee will wait on the Board of Trustees with a formal request to call the election, and it is probable that it will be held a week before the general fall election.

MOTHERS' CLUB WILL ENTERTAIN

BERKELEY, Sept. 21.—The Mothers' Club of West Berkeley will give an entertainment this evening at Mrs. Jones's gymnasium, corner of Eighth and University avenues, beginning at 8 o'clock. The social will be given for the benefit of the kindergarten and a musical and literary program will be rendered. The remainder of the evening will be devoted to dancing and refreshments will be served. An admission fee of 10 cents will be charged and the club ladies expect to add several dollars to the kindergarten fund as a result of the venture.

DISCUSSING RADICAL CHANGES

BERKELEY, Sept. 21.—If the signs of the times do not fail there will be no final examination given at the State University after this year. The spring term will end in June and a week's vacation will be given at Easter. These radical changes are being contemplated by the University authorities at the present time, and their adoption is almost a certainty. It is planned to close the college year later in the spring in order that the schedule may agree more nearly with that of the larger Eastern universities. No change that may be made, however, will go into effect until the college year of 1917-8.

NOT ENTITLED TO THE OFFICE

Charles T. Drolla's Brief Resi-
dence in Alameda Inter-
feres With Plans

ALAMEDA Sept. 21--Because Chas.
T. Drolla has not been a resident of
Alameda for a period of one year he
is not entitled to be a candidate for the
office of city justice. Such is the
statement made by the friends of R. B.
Tappan who is the Republican nomi-
nee for the office. They quote section
169 of the Political Code which pro-
vides a residence of one year before a
man can be elected city justice.
Drolla has asked Tappan to waive this
section but the Republican nominee is
to stand on the law which prohibits
Drolla from being a candidate.

MANY CHINESE WOMEN ARE UNDER ARREST

Eight Chinese women were arrested
last night in Chinatown by Police-
men McCready and Con Keefe and booked on
vagrancy charges. The women deposited
\$50 bail each and were released.
Ah Chin, Ah Choy, Ah Yee, Ah Quay
and Ah Yoy were to have come up before
Police Judge Barnum today but their
cases were continued until tomorrow
morning.

Ah Nee, Ah Toy and Ah Que were to
have appeared before Police Judge Smith
but they did not put in an appearance
and their bail was forfeited.

THIS WOMAN WOULDN'T EAT

Claims That Her Food is Poison-
ed and Fears for Her
Life

This morning at about 3:20 o'clock
a woman named Mary Sanders became
so noisy and unruly in the City Jail
that she had to be taken to the Re-
ceiving Hospital where she was put
in one of the cells provided for the de-
fendants. The woman was accompanied
by a boy about seven years of age
who claimed that she was his mother.
At this writing no complaint has
been filed against her charging her
with insanity but there is no doubt
that her mind is very badly affected.
This morning she refused to eat
anything for breakfast asserting that
the food was poisoned and that there
was a move on foot to take her life
on the part of every person with whom
she came in contact. Warden Page of
the insane ward of the Receiving Hos-
pital endeavored to ascertain where
the woman resided but all the infor-
mation that he could get on the sub-
ject was that she lived some place in
Golden Gate.

THIEVES STEAL DENTISTS' GOLD

The thief who entered the offices of
D. A. W. and D. P. Culhane dentists
at 1066 Broadway last night evidently
had an eye or possibly a tooth for the
gold which is used in filling teeth. The
burglar forced his way into the offices
and stole nothing but the gold. He se-
cured about \$1 worth of the precious
substance. The theft has been report-
ed to the police.

LARGE LOSS LED TO DEATH

Prominent Merchant Takes Acid
Because of the Recent
Disaster

After draining the entire contents
of a small vial of prussic acid Julius
Mendelson one of San Francisco's
most prominent merchants up to the
time of the great conflagration and
since that period a temporary busi-
ness man of this city laid down on
some blankets in the rear of his store
at 1078 Clay street yesterday after-
noon and awaited the coming of death
which he believed would bring succor
of his troubles consequent to the
losses he entailed through the consum-
ing of his property across the bay dur-
ing the fire. The desperate man passed
away and when discovered his re-
mains were taken to the morgue.

That Mendelson's rash act was pre-
meditated is evidenced by the fact that
he purchased the deadly poison which
ended his life at a San Francisco drug
store near the home of his sister Mrs.
J. M. Ellis of 2902 California street
San Francisco.

Mendelson was evidently worried
by the amount which was accredited
to his firm by the Anglo Californian
Bank of San Francisco, showing a
balance of but \$1843.25. The con-
cern's bankbook had just been re-
turned to Mendelson and he was evi-
dently discouraged by the prospects
before him. The dead man was at the
head of the firm of Mendelson Broth-
ers whose business was located at 7-9
Battery street San Francisco before
the fire and also were known as among
the largest silk importers and export-
ers of the Pacific Coast.

Mendelson's losses were very exten-
sive in the San Francisco fire and to-
gether with other setbacks with which
he had met with are believed to have
been the cause of his ending his life.
The last time that Mendelson was
seen alive was yesterday morning
when he was busy in the store with
his confidential clerk Charles Nadreau
who resides at 768 Thirteenth street.
The clerk had been working on his
books all the night before and as yes-
terday was a Jewish holiday he asked
his employer if he could turn home.

Mendelson appeared to be agitated
at the time and repeatedly ran his fin-
gers through his hair in a nervous
manner. He was heard to mutter to
himself "Trouble trouble trouble."
About 10 o'clock yesterday morning he
gave permission to Nadreau to depart
and the clerk left the store.

Upon returning to the store at about
7:30 o'clock last evening Nadreau
started to put away things for the
night and was about to lock up the
store when his attention was attracted
by the watchman's blankets lying on
the floor in the rear of the store. He
went to investigate and found the dead
body of his employer stretched out on
the blankets with the empty poison vial
at his side.

There was no note of explanation
but on a slip of paper found in Men-
delson's pocket were the words
Charles Nadreau 768 Thirteenth
street he has the key. The authori-
ties were notified and the remains
taken to the morgue.

The dead man was forty years
of age and a native of New York. He
has a brother who is now in the East
and several relatives in Yokohama
where the bulk of the firm's business
is transacted. Mendelson was a single
man and resided with his sister in
San Francisco. An inquest is to be
held.

ARE WORKING FOR CONTROL

Harriman and Rockefeller Want
Chicago and St. Paul Road
Turned Over

NEW YORK, Sept. 21--The World
today states that negotiations are in
progress between E. H. Harriman
William Rockefeller and the Smith
estate by which control of the Chi-
cago Milwaukee & St. Paul Railroad
may be turned over to the Union Pa-
cific and Southern Pacific companies.
Upon the success of these negotiations
will depend the carrying out of the
deal by which the Baltimore & Ohio
is to become part of the Union Pacific
system.

The World says that this statement
was made yesterday by a high Wall
street authority who predicted that
within sixty days the terms of the deal
would be made known.

Some \$750.00 Pianos, the Finest Art Productions of the
Age at Less than One-Half.

Some of the low priced and medium priced instruments have been disposed of but there still
remains some of the finest art productions of piano forte construction. Instruments which we never
sold for less than \$500.00 to \$950.00 apiece we are now selling at such prices and terms that anyone in
medium circumstances can afford an instrument equal to the kind that formerly were sold only to
millionaires. We must dispose of every one of them before the first of the month, even if the price is
not sufficient to pay for the outside casing. These are the orders from our factory. Yesterday we sold
over a dozen. So don't wait another day because if you do you may miss an opportunity that is not
likely to ever come again. We might say your terms are our terms, and your price is our price. Any
thing within reason. It costs you nothing to investigate, and even if you did not intend to become the
possessor of an instrument for years to come, it certainly will cost you nothing to investigate. We
assure you that it will pay you.

The landlord gave us fifteen days
notice and we had over one hundred
pianos on hand to close out. This is
your opportunity to make money and
may never come again. We will not
sell to the trade. Parties must be
private buyers and buy for their own
use. Terms may be made to suit you.
From \$5.00 every month or more. The
following prices will give you an idea
of what we have left.

\$675 for \$350
\$350 grade pianos
\$215
\$250 for \$125
\$75
\$450 Pianos for \$325

ALAMEDA, Sept. 21--A head
poked through a mosquito net
at the home of Charles Banby
at 1442 Sixth street about 2
o'clock yesterday morning
awakened Banby from a sound
sleep to realize that an un-
welcome guest was about to en-
ter his house. Banby saw the
head then raised in bed. The
head saw Banby raise and
the shouts the two let go at the
same time awakened the entire
neighborhood. The matter was
reported to the police and after
investigating Officer Schroeder
reported that a drunken man
had been the culprit.

BRITISH SHIP TO RESCUE

Rescuer Makes Twenty Knots
an Hour to Aid in Floating
the Mongolia.

HONOLULU Sept. 21--The Brit-
ish cable repair ship Restorer has
started for Midway island to aid in
floating the steamer Mongolia. She
was ordered to make 20 knots an hour
if possible in order to reach Midway
by Monday morning. Her decks were
piled high with heavy wrecking gear.
She also took a dozen head of cattle
and some sheep and hogs as supplies
for the Mongolia's passengers.

A protest was filed at the custom-
house here against freight being car-
ried from here to Midway on a Brit-
ish bottom, but clearance was allowed
for the vessel.
